

## **PUBLIC SCHOOL SYSTEM**

---

The South Australian government provides the curriculum for Kindergarten to Year 12 and supports student needs and interests with a variety of courses in a range of learning areas. South Australia joined with the Australian Government and all other states and territories to develop an [Australian Curriculum](#).

The school year begins late-January/early-February. Children can be enrolled in kindergarten at the beginning of the school year if they turn 5 on or before 31 April of that year. They must be enrolled by their sixth birthday. Parents of children attending Public schools pay a small fee to attend for Australian citizens and permanent residents, a fee is levied for others (see below).

Public school enrollments are based on the suburb of residence, often referred to as the 'catchment'. The enrolment process for public school can be commenced only after securing a property, according to eligibility criteria. Most South Australian Government schools have specific local enrolment catchment areas. These schools ensure that there are enough places for students who reside in their local enrolment area. School enrolment can be arranged throughout the year.

## **TEMPORARY RESIDENTS PROGRAM – FOR TEMPORARY VISA HOLDERS ENROLLING WITH A STATE SCHOOL**

---

The South Australian Temporary Residents Program provides advice and support for the enrolment of temporary residents in South Australian Government schools. The program accepts enrolment in primary school and high school from Kindergarten to Year 12. The tuition fee for a temporary resident student is determined by the visa subclass held by the student. The tuition fee is charged on a whole week basis. If for any reason a student only attends school for a part week, the whole week rate is charged.
